

Famous in a Day for Her Beautiful Complexion

A Free Oatmeal Prescription Does Its Work Overnight! You Can Prepare It at Home.

New York: It is my own discovery and it takes just one night to get such marvelous results, says Miss Edna Winder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription which beautified my complexion and removed every defect from my face, neck, hands and arms. Until you try it, you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of dermivul. Prepare the oatmeal as directed in every package of dermivul and apply night and morning. The first application will astonish you. It makes the skin appear beautiful, transparent, smooth and velvety. It is absolutely harmless and will not produce or stimulate the growth of hair. No matter how rough and ungainly the hands and arms or what aches they have had through hard work and exposure to sun and wind, this oatmeal dermivul combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it report the same results I have had.

NOTE—To get the best effect be sure to follow the complete directions contained in every package of dermivul. You have only to get dermivul and oatmeal. You need nothing else and it is so simple that any one can use it and so inexpensive that any girl or woman can afford it. Dermivul is sold in this city under a money-back guarantee by all department stores and druggists, including Live and Let Live drug store, Morrison's, R. J. Miller.—(Adv.)

BIG COUNTER THRILLS PARIS

Mangin's Masterly Stroke Believed to Mark Ebb of Hun Offensive Power.

FOCH'S ADVANCE SURPRISE

Franco-Americans Push Forward at Rate of Four Miles Per Day.

Paris, July 12.—France is thrilled by the news that on the fourth day of the German offensive French and American troops snatched the initiative from the enemy by surprise and roundly beat off one of his divisions on a thirty-mile front.

It would be difficult to exaggerate the cheering impression on public opinion given by Gen. Mangin's masterly stroke. It is felt that Thursday has marked the ebb of Germany's offensive power. The official statements have been brief and discreet, recording only in general terms the most definite results, but when the full details are made public it will be seen how skillfully Gen. Foch has outgeneraled the enemy, who has been puffed up by his recent successes.

Gen. Foch, it is believed here, not only dealt a severe blow to German military prestige, but raised high the hopes of the allied nations. So completely were the Germans surprised that the Franco-Americans advanced in places two miles in the first hour. They continued their progress in the afternoon in the teeth of growing resistance. The average depth of the gains for the whole day was between three and four miles. At some points the allies advanced five miles, according to latest advice from the front.

The allied gains added, however, to the fact that the Germans surprised that the Franco-Americans advanced in places two miles in the first hour. They continued their progress in the afternoon in the teeth of growing resistance. The average depth of the gains for the whole day was between three and four miles. At some points the allies advanced five miles, according to latest advice from the front.

BRITISH ADMIRAL OCCUPIES MURMAN

Four Hundred Miles of Railroad Fall to English, French and Americans.

Amsterdam, July 19.—Rear Admiral Kemp, of the British navy, proclaimed the occupation of the northern section of the Murman railroad by British, American, French and Serbian forces, says Max Behrmann, the Stockholm correspondent of the Berlin Vossische Zeitung, under date of July 19.

The admiral, he adds, also announced that the forces would advance southward "in accord with the local soviet authorities, and at the request of the local population for help."

Behrmann says that there are no soviet authorities in the whole Murman territory. On the entire 400-mile stretch of railroad only at half a dozen main points are there any sort of rudimentary political organizations. The largest of these is at Alexandrovsk, comprising 400 persons while the one at Kem has 300 members. Those communities, Behrmann declares, were until some months ago bolshevik, but since they have split into numerous parties whose services go to the highest bidder.

Behrmann further alleges regarding "a request for help from the population" that two obscure Russians, one an ex-convict and the other a former condemned, have been traveling around in the interests of the allies collecting adhesions to the requests by threats or bribery. The newspaper prints an Archangel message to the Izvestia of Moscow which mentions the arrival there of Italian and Serbian officers and men, who, it declares, were disarmed and expelled by the local soviets.

AIRPLANE COLLIDES WITH TREE; AVIATOR KILLED

San Antonio, Tex., July 19.—Flying so low that the plane collided with a tree, second Lieut. Cary L. Waples, of Hyde Park, Mass., and First Lieut. T. H. Highley, both of Kelly field, figured in an unusual accident ten miles from the flying field today. Waples was instantly killed while Highley was uninjured. The airplane caught fire after the collision. Waples' wife has been living in San Antonio several weeks.

SHIPYARDS OBTAIN BIG CONTRACTS FOR CARGO SHIPS

Washington, July 19.—Contracts for sixty-one ships of 439,800 deadweight tons were announced by the shipping board. Of this tonnage \$22,800 will be paid to the Shiner & Eddy corporation, of Seattle, under a contract for 25 steel cargo steamships of a deadweight tonnage of 322,800.

The Mobile Shipbuilding company, of Mobile, Ala., received a contract today to build twelve steel freighters of 60,000 tons.

FRENCH OFFICERS MAY BE DEMOTED FOR HUN SUCCESS

Paris, July 19.—Deputies Abel Ferry and Louis Deschamps have made an important report to the army committee of the chamber of deputies concerning the government inquiry into the German offensive of May 27 (when the Germans captured the Chemin des Dames and advanced to the Marne). The committee adopted the recommendations made by the deputies which invited the government to in-

form them of the disciplinary measures taken and to introduce a bill by which general officers seriously at fault in the future can be punished.

QUENTIN'S COMPANION THINKS COLONEL'S SON IS NOT HURT

New York, July 19.—Col. Roosevelt said, on his arrival here last night from Saratoga, that he had just received from his son-in-law, Surgeon Major Richard Derby, who is now in Paris, a cablegram which read: "Companion aviator confident Quentin landed unhurt."

NO ADDITIONAL NEWS OF SINKING OF WESTOVER

Believed That Ten Men Reported Missing Were Killed by Explosion of Torpedo.

Washington, July 19.—The navy department was without any additional fact regarding the sinking of the supply ship Westover, torpedoed by a submarine in the war zone on July 11. It is now believed that the ten officers and men reported by Admiral Sims as missing were killed by the explosion of the torpedo. The Westover was of 4,370 tons net burden and was loaded with army supplies when sunk. She was formerly in the Pacific coast trade.

HUN HOSPITAL RAID KILLS KNOXVILLE MAN

Lieut. L. M. Newland, Doctor in Fated Red Cross Hospital, Dies From Air Attack.

Knoxville, July 19.—First Lieut. L. M. Newland, Knoxville physician serving with American expeditionary forces in France, is dead from injuries received while treating wounded in a Red Cross hospital in France, according to message received here by his wife. His wounds were inflicted by German bombs in an air raid deliberately planned and executed by Germans. The hospital was plainly marked with a cross 100 feet long. Despite this the airplane shot off its motors, dropped to within a few hundred feet of the hospital and dropped four bombs upon the hospital. Two enlisted men were killed outright and nine of the hospital personnel wounded.

HUN SOCIALISTS AMAZED AT FEAT OF AMERICANS

"U. S. Participation Increases Our Task to Gigantic Magnitude," Says Zeitung.

The Hague, July 19.—In outspoken comment on the growth of American strength in France, the socialist Arbeiter Zeitung, of Vienna, says there is no doubt that more than a million American troops already have arrived in Europe. It declares that this is a feat of organization as amazing as the creation of the British army.

"American participation in the fighting," it adds, "increases the German task to one of gigantic magnitude. It is easily understandable that the German command is trying to reach a great decision before the full weight of the United States is felt."

Gotham Gladdens to Good Tidings; City Bells Ring

New York, July 19.—New York City received the news of American victory in France, with cheering sounding of bells and blowing of whistles. An official touch was lent to the general jubilation when the bells on city hall and Brooklyn borough hall were rung for 15 minutes.

Great crowds collected before the bulletin boards tonight. Many of the readers carried small American flags and as line by line was added to the story of the battle overseas these flags were waved madly. Recruiting offices were crowded during the late afternoon and evening.

AMERICA GAINS FIRST GREAT HUN VICTORY

War Department Reserved but Shares General Elation—Offensive Goes to Foch.

Washington, July 19.—The American nation today can realize that its army, in co-operation with the gallant soldiers of France, has won its first great victory on European soil.

Surprised and scarcely able to grasp the extent of the offensive operations between the Marne and the Aisne as the fragmentary details came in during the day yesterday, the American people today saw clearly that American soldiers had received their baptism of fire and in six hours had won more ground, taken more prisoners and captured more war supplies from the enemy than did the Germans in three days of a carefully prepared offensive along the Marne early in the week.

While reluctant to give official expression of their opinion until the details of yesterday's counter stroke and the full extent of the Franco-American victory are received, it was evident at the war department today that high officials inwardly shared the feelings of the public. The belief was expressed widely in official circles that the tables had been definitely turned, that yesterday's successes between Chateau-Thierry and Soissons, the first allied offensive of the war, marked the year, mark the end of the allied defensive policy, and that the point has been reached in the accumulation of man power and munitions in France, where Gen. Foch is able to assume his favorite role as an offensive leader.

CRACKERS MUST GO TO WORK, UNDER STATE WORK-FIGHT LAW

Atlanta, Ga., July 19.—Carrying a provision making it applicable to all persons who may be temporarily out of employment on account of disputes with their employers, the state work-fight bill passed the house yesterday, 131 to 24. The bill, which makes it compulsory for all persons between 16 and 55 years of age, male and female, to engage in some useful or productive labor for at least five and one-half days a week during the war, passed the senate several days ago. It now goes to conference.

The affair is to be carried out under the joint auspices of the Jewish welfare board and the local war savings stamp committee. Promptly at 3 o'clock at seventh and Market streets, the melodious voice of Private Steve Brinkman will be raised in song. During the performance ladies will pass through the crowd and sell thrift stamps.

A Dead Stomach Of What Use Is It?

Thousands of people throughout America are taking the slow death treatment daily. They are murdering their own stomachs, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature. This is a sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of poison and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run down stomach and make it strong enough to digest its own food. They rid the system of indigestion, sour stomach and headache will go.

Mi-o-na stomach tablets are sold by druggists everywhere and by Jo Anderson, who guarantees them.—(Adv.)

WELL KNOWN ATLANTA WOMAN HAS REMARKABLE RECOVERY

Sick for Many Months, VI-TO-NA Brought Quick Relief.

GAINS 35 POUNDS

"I had a hard fight for eight long months against rheumatism and kidney trouble," said Mrs. E. H. Babb, No. 6 Hillman Avenue, Atlanta, Ga.

"Of course, I was sick a much longer time than that, but that first eight months almost finished me. I went down hill so fast that I just had to give up and go to bed.

"To make bad matters worse, I had indigestion and stomach trouble, and couldn't eat to do any good. All this added to the terrible pains which accompany kidney trouble, just made a helpless physical wreck of me. I couldn't sleep at nights. Oh, it was something awful!

"Well, a friend of mine, Mrs. Caldwell, called to see me one day and told me about VI-TO-NA (then known as Sal-Vi-Tal, but one and the same thing).

"She praised VI-TO-NA to me so until I decided to try it and sent for a bottle. Well, sir, it sure acted like magic with me. In a very short time I knew that VI-TO-NA was just the thing that I needed.

"I took four bottles, my rheumatism disappeared. I got up from my bed with no sign of kidney trouble, and can now eat anything I want with no bad after-effects. Have gained 35 pounds and can do all my housework. At the same time feel just like a girl again.

"Take VI-TO-NA is my advice to all who are suffering as I was."
